PET HEALTH CLUB

What is the Pet Health Club?

In an effort to address the issue of affordable Pet Health Insurance, our hospitals have designed a program known as the "Pet Health Club".

The Pet Health Club is our way of helping you to provide high quality veterinary health care services at significantly reduced fees.

The Pet Health Club discount program covers almost every medical service and pet care product available at our hospital. Taking advantage of the savings offered by your membership in the program will assist you in providing the highest quality veterinary care available for your pet.

Each pet is thoroughly examined at every visit to detect small problems. Knowing that these exams and treatments are available to you at a much lower cost may encourage you to help us address these problems before they become much larger and more costly.

In addition, your membership will also provide you with discounts on pet care products (such as shampoos, grooming aids & odor control items) and pet diets (both prescription and non-prescription) that will help to keep your pet happy and healthy.

Virtually every pet enrolled in the Pet Health Club program has received discounts and health benefits that far outweigh the enrollment fee.

What is the Cost for the Pet Health Club?

Annual Enrollment Fee (per pet).....\$ 69.95*

(Enrollment Fee subject to change)

***Fee includes a half-price wellness visit 6 – 12 months after enrollment.**

**If you feel that Pet Health Club is right for you,
please contact our office to enroll today and
begin enjoying the benefits at your next visit!**
